

Intercollegiate Broadcasting System

17 December 1945

To Program Managers of all stations:

Last week I promised you information on the RCA Record Library service. Here it is.

There are two libraries to choose from. The "Economy" library includes 300 records and costs \$ 167.64. The "Budget" library includes the same 300 records plus another 300 and costs \$335.28. There is a special "Mealtime" library of 100 records for \$55.88

In addition to the libraries, there are monthly releases of 12 records each month (12 months a year) which cost \$ 72.60 a year. You will also note that if you have one of these libraries you can buy replacements for it at 25% off list.

This service is more reasonable than most of the transcription services. We will soon issue a bulletin on them. I am enclosing copies of the catalogs of each of the libraries, a general folder, the lists of the records sent out under the subscription plan in November, December, and January, and a copy of the RCA contract form. If you are interested, I suggest you write

Mr. Philip J. Jacoby, Manager
Music Library Service
RCA Victor Division
Camden, New Jersey

Tell him you are an IBS station. You might also let me know if you are interested.

If you are interested in Transcription services, I would appreciate it if you would let us know just what types of music you want. We have catalogs running from Cowboy music to hymns, and the services want to know what kind of a selection we want.

Sincerely yours,

Dave Linton
